

BOARDING AT CLIFF TOP

Established in 2000, this family run business has earned itself a valued reputation as being one of the best kennels in the county, offering the highest standard of canine care. More recently expanding to board cats as well as dogs, the cattery is maintained to the same high standards.

The kennels and cattery are open to boarders all year round and are fully insured.

THE KENNELS

We have 28 individual, heated sleeping quarters. They are regularly cleaned throughout the day and the temperature monitored and maintained to ensure a comfortable and pleasant environment by day and night. All beds, fresh bedding and bowls are provided.

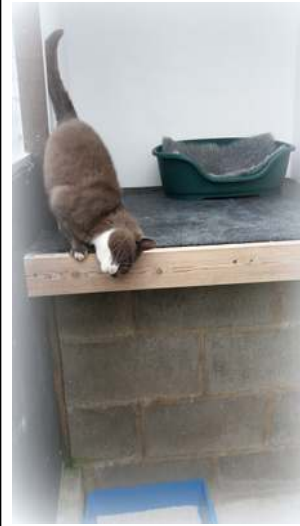

Exercise – To the rear of the kennels is a three acre walking/exercise paddock which is fully enclosed, safe and clean. Each dog is exercised on a daily basis. Extra walks are available on request for a small charge.

Food – We provide all food for your dog during their stay (excluding prescription diets) and can cater for all dietary requirements.

Vaccinations – It is required that all dogs boarded at the kennels must have an up to date vaccination certificate and this must be produced on arrival. We strongly recommend that a kennel cough vaccine is administered prior to kennelling.

THE CATTERY

There are 3 individual, purpose made enclosures in a light and airy block, completely separate from the dog kennels. They are regularly cleaned throughout the day and temperature monitored to ensure maximum comfort. All beds, fresh bedding, bowls and litter are provided.

Feeding – We provide all food for your cat during their stay (excluding prescription diets) and can cater for all dietary requirements.

Vaccination – It is compulsory that all cats are fully vaccinated before entering the cattery. Their vaccination certificate must be produced on arrival.

Safe transportation of your pet to and from Cliff Top is available upon request.
