THE TRAINER

Jill Pennock has been involved in the field of canine care and training since 1972. Jill has trained and competed in Obedience, Working trials and Schutzund competitions, in addition to working and training gun dogs. As well as being a dedicated kennel owner, Jill is a fully qualified dog trainer who has been instructing independent training classes since 1975.

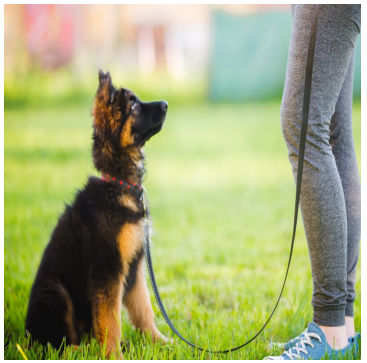

Jill specialises in the training of dogs with behavioural problems, for example: aggression, hyperactivity, nervousness, attention seeking, food and kennel guarding, separation anxiety and many others. The individual nature of this type of training requires private lessons on a one-to-one basis.

Jill trains and is an accredited examiner for The Kennel Club Good Citizen Scheme and has considerable success in taking dogs and their owners through from their Puppy Assessment to the Gold award.

THE TRAINING

All training starts with an ***Assessment***. This appointment lasts for approximately one hour during which Jill will speak to you about basic canine requirements, the dog's home environment (eating,sleeping arrangements, exercises etc.) and discuss any concerns you may have with your dog's behaviour. At the end of this session an action plan will be put in place for ongoing training.

This is followed by ***Individual private lessons***, to accommodate the dog and handler's specific requirements, which are booked during the week at a mutually convenient time.

PRICES

Assessment £50

Individual private lessons £35

All sessions last approximately 1 hour.
Each session booked is paid for in advance and is non refundable.
